How to clear Brother "Replace/Low Toner" error?

For Brother-MFC Multifunction Printers

Step 1: Turn off the printer and turn on;
Step 2: Install the toner cartridge and close the front cover;

Step 3: After installation, open the front cover and press CLEAR, then press 12. At last, close the front cover. This step will clear the background data of the printer.

For Brother-HL Printers/Brother-DCP Series

Step 1: Turn off the printer and install the toner cartridge. Open the front cover again;

Step 2: Press GO button to turn on the printer till the first three lights are on;

Step 3: Release and double press GO button. After that, all lights are off;

Step 4: Press GO button for 6 times;

Step 5: Turn off the printer and close the front cover;

Step 6: Turn it on again to print.

Storage

 The toner cartridge should not be exposed to direct sunlight or extreme environment conditions.

 Suggested storage temperature: −20℃ to 40℃ (−4℉ to 104℉)

Recycling

This cartridge can be recycled.

Once your cartridge is used up, please contact local recycling company.

Safety

Keep the cartridge away from children. Discard plastic wrapping and bags as soon as the cartridge is installed. The bag may be a hazard to children and may cause suffocation.

DO NOT disassemble the toner cartridge. The custom parts/components can not be replaced or repaired by an end user. Please contact the seller if a malfunction occurs.

Emergency

Any inappropriate contact with toner, please consult doctor for medical advice.

Skin	* Rinse skin with water. * Consult doctor for treatment advice immediately if irritation occurs.
Eyes	* Remove contact lenses if applicable. * Rinse your eyes with water up to 10 minutes. * Consult doctor for medical treatment advice immediately, if irritation occurs.
Swallowed	* Go to hospital for immediately medical treatment advice.
